

## ABSTRACT

*Article outlines how multimedia is used in the classroom in the Chinese department of Bina Nusantara University. The Binusmaya system standardizes teaching and online communication. Multimedia is an effective supplement to traditional classroom based-teaching of Chinese. Multimedia can increase the learning motivation and improve teaching efficiency. Multimedia also plays a very important role in improving classroom based-teaching of Chinese, teaching standards and enhances a closer relationship between teachers and students.*

**Keywords:** *Multimedia, Chinese Language Teaching*

## 摘要

印尼建国大学的多媒体中文教学主要包括多媒体的课堂运用、Binusmaya 网络系统规范教学及课外网络反馈交流。多媒体的使用对传统教学法是有效的补充，增强了学习的趣味性，提高了教学效率。建国大学中文系的多媒体应用在促进课堂教学、教学规范化及加强师生互动等方面都发挥了重要作用。
